

Adhesion Promoters	Titanates, Zirconates, Silanes
Catalysts, Crosslinkers and Chain Extenders	Titanates, Zirconates, Silanes
Matting Agents	„Green“ precipitated silica Polyurethane beads
Neutralising and Stabilising Agents	Amino alcohols Nitro paraffines
Rheology Additives	(Modified) Castor Oil Derivates Polyacrylates Polyamides Polyethylenes Polyurethanes Conventional and Hydro Clays Hybrids
Wetting and Dispersing Additives	Amino alcohols Polyurethane-based Co-Polymers Additional products based on renewable raw materials
