

Adhesion Promoters	Titanates, Zirconates, Silanes
Anti-corrosive Pigments	Aluminium triphosphates
Antioxidants	Phenol Phosphoric acid ester
Catalysts, Crosslinkers and Chain Extenders	Titanates, Zirconates, Silanes
Corrosion Inhibitors	Dinonylnaphtalene sulfonate
Hydrophobing and Water-scavenging Agents	Silanes
Matting Agents	„Green“ precipitated silica Polyurethane beads
Neutralising and Stabilising Agents	Amino alcohols Nitro paraffins
Rheology Additives	(Modified) Castor Oil Derivatives Polyacrylates Polyamides Polyethylenes Polyurethanes Conventional and Hydro Clays Hybrids
Wetting and Dispersing Additives	Amino alcohols Polyurethane-based co-polymers Additional Products based on renewable raw materials
